

GVW DEVELOPMENT AND CONSTRUCTION POLICIES

1.0 INTRODUCTION

Goulburn Valley Water has developed a series of policies that are regularly referred to during the design and construction process of works that impact on the creation and operation of GVW assets. These policies are to be read in conjunction with the Water and Sewerage Codes of Australia and other documents.

The list of policies which are relevant to design, development and construction of Authority assets are:

Apportionment of Costs for New Subdivisional Works

Pipelines within Road Pavements

Payment of Headworks charges for Subdivisional Development

Determination and Application of Present Day Costs for Water and Sewerage Reticulation Works

Policy of Structures Over Authority Works

Easement and Freehold – Land Acquisition

Statement of Compliance

Subdivision Servicing Policy

Extension of Water Mains Outside its District

Confined Spaces Policy

Property Services Division – Policy and Procedures Manual

Copies of the current version of these policies are available on the GVW website.
