## Energy Specialist

- **Classification SE01 \$93,924 - 110,439**
- **Based in Shepparton**
- **Great opportunity - rewarding career path**

**Goulburn Valley Water (GVW)** provides quality water and wastewater services to 54 towns in North Central Victoria. Our core purpose is to deliver safe, reliable and affordable water services to residential, commercial and industrial customers.

Would you like a career where your innovation and creativity can make a positive impact?

As a specialist resource across the organisation with regard to energy and carbon emissions you will achieve this.

This position will suit an enthusiastic and driven engineer with a passion to develop and deliver tangible results across the asset, operational and commercial aspects of the business. As part of the Asset Management team this role will be at the forefront of the Corporation's climate change action activities.

A degree in Engineering or Physical science combined with your practical experience with electrical and mechanical trades will equip you well.

For further information please contact Daniel Hughes - Manager Asset Management - 0400 836 927

**Applications close 5pm, Friday 24 April 2018**

**Applicants must address each Key Selection Criteria in the position description to be considered for an interview**

Visit our website for information on how to apply and to view the position description.
