Make a splash in the water industry

- **Classification GVW2/3 \$47,707 - \$79,730***
- **Suitable for trade or graduate applicants**
- **Career development opportunities**
- **Work/life balance**

Goulburn Valley Water (GVW) provides quality water and wastewater services to 54 towns in North Central Victoria. Our core purpose is to deliver safe, reliable and affordable water services to residential, commercial and industrial customers.

A rare opportunity in water treatment has arisen in Shepparton for interested and genuine applicants who either are looking to continue their career or join the water industry as a Water Treatment Plant Operator.

Role requirements:

Working with the Corporation's Water Treatment Plants and facilities, in this critical role, you will be responsible for providing the community with safe and quality drinking water at various sites including Shepparton, Tatura, Kyabram and Tongala.

Key accountabilities, skills and experience:

- Drivers Licence (mandatory)
- Keen interest in water industry operations
- Mechanical and hydraulic aptitude
- High level safety ethic
- Ability to problem solve and make decisions
- Reliable and good team player
- Possession of willingness to obtain Certificate 3 in Water Industry Treatment
- Willingness for laboratory and computer based work

This position is suitable for graduates in the science/engineering field looking for entry into the water industry with the opportunity to expand on this traditional role.

For further information on this position, please contact Jamie Madgwick, District Manager, Central Water Treatment on 0417 506 019

*The classification for this position will be determined by the individual's relevant qualifications, skills and experience.

Applications close 5pm Friday 6 July, 2018

Applicants must address each Key Selection Criteria on the position description to be considered for an interview
